

Nutrison Concentrated

Nutritionally complete energy dense (2kcal/ml), high protein (75g/1000ml), ready-to-use, milk protein based tube feed or oral nutritional supplement.

Presentation

- 500ml pack

Indications

- Disease related malnutrition
- Increased protein and energy requirements
- Fluid restriction such as in liver, renal or heart disease

Features

- Energy dense (2kcal/ml) – 60ml provides 120kcal
- High protein (75g/1000ml) – 60ml provides 4.5g protein
- NPC:N ratio 142
- Nutritionally complete – contains all essential nutrient requirements
- Reduced mineral levels
- Low lactose (<0.25g/1000ml)
- Gluten and fibre free
- Added carotenoids reflecting general health recommendations for their antioxidant properties and positive affect on immune function
- Pleasant neutral taste
- Osmolality 470 mOsm/kg H₂O

Nutrient Source

- Protein: Milk proteins (sodium caseinate, whey protein concentrate, calcium caseinate)
- Fat: Vegetable oils (canola and sunflower)
- Carbohydrate: Maltodextrin

Contraindications

- Patients with galactosaemia
- Infants younger than 1 year of age
- Used with caution in children aged 1-6 years

Directions for Use

As oral supplement

- Ideal for use in Medication Round Programme
- (3 x 60ml dose/day)
- Document consumption on medication chart
- Recap pack and refrigerate; use within 24 hours

As tube feed

- Recommended Daily Intake 900-1200ml
- Use at room temperature
- Shake well before use
- Handle aseptically to ensure product remains sterile

Storage

- Store in a cool, dry place
- Once opened, store in the refrigerator
- Discard unused content after 24 hours

Ordering Information

- To order, contact Biolab 0800 688 747
